## **Specialty Foods:**

Strawberries, raspberries, and other fruits and vegetables.

And in the Spring, they make their own maple syrup!

## **Favourite Farming Music:**

Driving on the farms, they listen to everything from oldies to pop, sometimes even the CBC. When they're out farming, they love listening to Mother Nature's music: "She makes pretty good music."

## **Favourite Family Pastime:**

Together, they go to their family cottage, travel, or just spend time enjoying good food and fun with friends.

Fun Food Fact: "Strawberries aren't TECHNICALLY a berry—their seeds are on the outside instead of the inside!"
